

“2008 proved to be a great year for us”

directors cut

When we formed Evention Design & Build back in 2005 we could hardly have believed that within four years we would be running a successful and well respected company that has grown beyond all expectation. In 2006 we completed £269,000 worth of sales followed by £349,000 in 2007. Falling just short of a million at £920,000 last year however brought it home to us that we are now a serious player in the exhibition and events sector and that our reputation for excellence is now starting to set in us in good stead for the future.

2008 proved to be a great year for us, early on in the year we completed a deal to purchase the vast stocks of the former Cobb Group based in Luton and employed the services of Jeannie Cobb to help us retain the client base and subsequently we have not looked back. We seamlessly added the Cobb portfolio into the Evention schedule and we now have a calendar of quality work with clients that are a pleasure to deal with.

As you will have noticed by now we have recently undertaken a re branding exercise. Our new logo we are confident expresses our commitment to the latest design trends and together with our new web site we now feel we have the professional image to move forward collectively with all of our new clients together with our existing clients safe in the knowledge that we will continue to offer the most cutting edge design solutions backed up the best levels of service.

The team at Evention are again looking forward to working with all of our clients in 2009 and we wish all of you a successful year in what has started out as a bit of challenge. Lets hope it all evens out quickly and the strength of our businesses continue to grow.

We have produced some stunning projects over the last year, so please do take the time to delve into our new web site and take a look at what we have been involved in.

The Case Studies offer an insight into how we design stands to meet the clients requirements. There are a few other opportunities given here, like a look behind the scenes at our main facility in Newport, meeting some of the key faces giving an insight into the important roles they all play in our continued success.

We look forward to working with you all again this year.

Gareth Hall.
Operations Director.
